1nService announces dates and location for Interchange.

Bellevue, Wash. – September 12, 2011 - 1nService, the leading network of advanced technology integrators with aggregate sales in excess of \$1.5 billion, announces the date and location for Interchange 2011.

This year's Interchange will be held at Ballantyne Hotel and Lodge, Charlotte, North Carolina. 1nService's flagship collaboration event will take place over three days: November 7th, 8th, and 9th.

The Ballantyne Hotel & Lodge, a member of Starwood's The Luxury Collection, is a Forbes Four-Star and AAA Four-Diamond award-winning hotel. Featuring 200 elegant hotel rooms, 14 suites, a 36 room Lodge and a four-bedroom Cottage.

"This year, we selected beautiful, quaint, and intimate property just 20-minutes from the Charlotte-Douglas International Airport. We chose a smaller, more intimate venue to facilitate a higher level of collaborative conversations," said Susan Brodeur, 1nService's Director of Programs & Events. "Besides Charlotte is a beautiful place to visit this time of year," she added.

In its sixth year, Interchange brings executives, sales leadership, and professional service leadership from their membership together for in-depth collaboration discussion. Past years have focused on managing growth, collaboration, navigating IT talent wars, and technology trends.

"This year's event will be one for the ages," said Tim Hebert, 1nService's President. "After three years of challenging economic uncertainty, we chose to focus on Innovation at this year's Interchange. We firmly believe that the long term success of our members depends on the speed and agility of innovation. The more our members can create product, service, and process innovation, the more likely we will continue to grow throughout the next decade."

About 1nService

1nService is the leading international community of advanced technology integrators that through collaboration and trusted partnership, delivers high-value technology solutions that solve businesses most pressing needs. The 1nService community's \$1.5 billion combined global sales, offers great leverage in applying the collective skills of members to deliver any technology, anywhere, anytime. 1nService members receive tremendous access to new customers, markets, sales opportunities, and collaborate through best practice sharing. The collective strength of 1nService allows its members to compete against the largest integrators.
